

There is SO MUCH to celebrate this year!

An Anniversary

We are proud to share that CCBS marks our 20th anniversary of transforming the lives of boys and their families!

A Scholarship Fund

We recently became members of Choose Mental Health. One of the many benefits is the establishment of a scholarship account to assist CCBS families!

A Challenge

A generous CCBS family has offered a **MATCHING GIFT** for up to **\$200,000!**

Donated funds will be used solely for scholarship purposes to:

- Allow committed families to complete their Cherokee Creek education if funding becomes a barrier.
- Support opportunities for the entire family to participate fully in the variety of enrichment programming offered through the Cherokee Creek Family Center.
- Offer reduced tuition rates.

With this matching gift challenge, it is possible for you to **double the impact of your gift!**

We thank you in advance for your compassion and generosity by supporting Cherokee Creek families with a gift to the **Cherokee Creek Scholarship Fund** through **Choose Mental Health**. I look forward to connecting about any questions and ideas you have!
